Case counts include the number of disease reports received throughout the month of April 2024 with the exclusion of COVID-19. COVID-19 case data is pulled by event date (onset date OR specimen collection date, whichever is earliest). Disease and Case Inclusion Criteria: Suspect, Probable, and Confirmed.

Key Finding Comparisons/Special Notes

- **1 suspected Norovirus outbreak** was investigated in an elementary school classroom. Clinical specimens were not collected/tested.
- Please see the attached COVID-19 and influenza surveillance summary for Sandusky County.
