Case counts include the number of disease reports received throughout the month of January 2024 with the exclusion of COVID-19. COVID-19 case data is pulled by event date (onset date OR specimen collection date, whichever is earliest). Disease and Case Inclusion Criteria: Suspect, Probable, and Confirmed.

#### Key Finding Comparisons/Special Notes

- **1 suspected viral Gastrointestinal Illness (GI) outbreak** was investigated in a long-term care facility. Clinical samples were tested; however, a causative agent was unable to be confirmed.
- **1 COVID-19 outbreak** was reported in a long-term care facility.
- Please see the attached COVID-19 and influenza surveillance summary for Sandusky County.
